

Hello!

I am a **Gefühlsmonster***!
Watch, I am great at showing
different **emotions**...

**pronounced „geh-fools-monster“*

...like this one...

...or this one.

You probably like to
feel this way.

Sometimes I show up out of
nowhere, surprising you!

Like this...

...or even this.

You know these
emotions, right?
They can really
get to you.
And then it is
important that you
know, what you
need...

With me you can get
to know your
emotions.
And sometimes I help
you to feel better,
when you are feeling
down!

...or this again.

...to feel
like this...
